

Division 10  
Mid-Central Region  
National Model Railroad Association  
9/4/16

A regular meeting of Division 10 was held on September 4, 2016, at the Tates Creek branch of the Lexington Public Library.

The meeting was called to order at about 1:35 p.m. by Superintendent Rick Cobb.

Tom Miller introduced a guest, who discussed the need for volunteer engineers to run trains at the UK Arboretum.

The superintendent explained the purpose and function of the phone notification program. It will be used to communicate meetings and changes. Most members can expect no more than one or two calls per month. The system is flexible so that sub-groups such as board or Tuesday night members can be called separately as required. The general consensus was to proceed with the program as previously approved by the Executive Committee. A list was circulated and 19 members provided updated numbers.

The superintendent passed out a proposal for Bring and Brag for calendar year 2017. After considerable discussion, the topic was tabled for further consideration by the board.

Bruce DeMaeyer presented the meeting topic: Part 2: Panel Discussion of Layout Evolution.

The meeting was adjourned at approximately 3:00 p.m.
